## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 3, 4, 6 and 10-13 are rejected under 35 U.S.C. 102(b) as being anticipated by Chidsey, Jr. et al (fig. 6 emb). Chidsey, Jr. et al discloses an interlocking mechanism including a trapezoidal tab cut from an edge of two opposing flaps or members. The tabs are each defined by grooves projecting both inwardly toward each other and outwardly away from each other depending on whether one begins on the inside of the flap or on the outside of the flap. Also, the inward portion of each groove is substantially parallel to the edge of the blank as claimed. With respect to claims 12 and 13, it is noted that the tabs formed by the grooves on each side of one of the locking tabs are considered to be both cut “away from” and cut “toward” the lock tab insofar as they extend both toward and away from the tab insofar as claimed.

### ***Allowable Subject Matter***

3. Claims 2, 5 and 7-9 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Response to Arguments***

4. Applicant's arguments with respect to claims 1, 3, 4, 6 and 10-13 have been considered but are moot in view of the new ground(s) of rejection.

*Conclusion*

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
